

Federal programs across the NIH and CDC are essential to Michigan's fight against diabetes. Cuts threaten the research, prevention, and infrastructure supporting the 923,400 adults in Michigan living with diabetes.¹

NIDDK | National Institute of Diabetes and Digestive & Kidney Diseases

Current Funding: \$40.1M

- The NIDDK currently funds **86 projects** across Michigan, with **\$15M** committed to diabetes-related research in 2024 alone.^{1,2}
- The NIDDK supports **23 active clinical trials** in the state.³
- Cuts would threaten this nationwide research engine that advances care and improves health outcomes for over 900,000 adults in Michigan.

\$40.1M Supporting

\$15M
in Diabetes Research

DNPAO | CDC Division of Nutrition, Physical Activity, and Obesity

FY 2024 Funding: \$3.8M

- Cuts would threaten **\$888,000** in direct funding for the State Physical Activity and Nutrition (SPAN) Program and **\$2.3M** across **eight tribal communities, five cities, and four counties** for Racial and Ethnic Approaches to Community Health (REACH) programs.⁴
- Furthermore, DNPAO supports essential tools and programs used across the state. Cooperative agreements power statewide efforts to strengthen obesity prevention, enhance early childhood nutrition, expand provider training, and promote healthy communities.⁵

National DPP | CDC National Diabetes Prevention Program

FY 2023 Funding: \$2.5M⁶

- National DPP supports diabetes prevention programs for **over 30,000 enrollees** offered by **35 organizations** across **22 cities**.^{7,8}
- Cuts would disrupt access to evidence-based lifestyle intervention shown to reduce the risk of type 2 diabetes by **58%** in adults and **71%** among seniors.⁹

30,528 Michiganders
across 39 Cities

DDT | CDC Division of Diabetes Translation

Current Funding: \$6.5M

- Cuts would threaten **\$6.5M** that supports the Michigan Department of Health and Human Services in tracking, preventing, and managing diabetes.⁷

66 Diabetes Self-Management Education
and Support (DSMES) service providers.

31,818 Michiganders with diabetes
that have used DDT DSMES.
