

Protect Progress. Fund Diabetes Programs.

Federal programs across the NIH and CDC are essential to New Mexico's fight against diabetes. Cuts threaten the research, prevention, and infrastructure supporting the 207,600 adults in New Mexico living with diabetes.¹

NIDDK | National Institute of Diabetes and Digestive & Kidney Diseases

Current Funding: \$618,840

- The NIDDK currently funds **2 projects** across New Mexico, with nearly **\$250,000** committed to diabetes-related research in 2024 alone.^{1,2}
- Cuts would threaten this nationwide research engine that advances care and improves health outcomes for over 200,000 individuals in New Mexico.

\$618,840 Supporting
2 Projects

\$249,000
in Diabetes Research

DNPAO | CDC Division of Nutrition, Physical Activity, and Obesity

FY 2024 Funding: \$902,260

- Cuts would threaten **over \$900,000** in direct funding to Presbyterian Healthcare Services for Racial and Ethnic Approaches to Community Health (REACH) programs.³
- Furthermore, DNPAO supports essential tools and programs used across the state. Cooperative agreements power statewide efforts to strengthen obesity prevention,⁴ enhance early childhood nutrition, expand provider training, and promote healthy communities.

and Sourcing

National DPP | CDC National Diabetes Prevention Program

- National DPP supports diabetes prevention programs for **2,600 enrollees** offered by **9 organizations** across **4 cities**.^{5,6}
- Cuts would disrupt access to evidence-based lifestyle intervention shown to reduce the risk of type 2 diabetes by **58%** in adults and **71%** among seniors.⁷

2,600 New Mexicans
across 4 Cities

DDT | CDC Division of Diabetes Translation

Current Funding: \$3.4M

- Cuts would threaten **\$3.4M** that supports the New Mexico Department of Health in tracking, preventing, and managing diabetes.⁵

16 Diabetes Self-Management Education
and Support (DSMES) service providers.
5,128 New Mexicans with diabetes
that have used DDT DSMES.
