

Federal programs across the NIH and CDC are essential to Virginia's fight against diabetes. Cuts threaten the research, prevention, and infrastructure supporting the 870,500 adults in Virginia living with diabetes.<sup>1</sup>

## NIDDK | National Institute of Diabetes and Digestive & Kidney Diseases

**Current Funding: \$12.4M**

- The NIDDK currently funds **27 projects** across Virginia, with **\$5.6M** committed to diabetes-related research in 2024 alone.<sup>1,2</sup>
- The NIDDK supports **15 active clinical trials** in the state.<sup>3</sup>
- Cuts would threaten this nationwide research engine that advances care and improves health outcomes for over 800,000 Virginians.

**\$12.4M** Supporting  
**27** Projects

**15**  
Clinical Trials

**\$5.6M**  
in Diabetes Research

## DNPAO | CDC Division of Nutrition, Physical Activity, and Obesity

**FY 2024 Funding: \$572,178**

- Cuts would threaten **over \$550,000** in direct funding to the Virginia Rural Association for Racial and Ethnic Approaches to Community Health (REACH) programs.<sup>4</sup>
- Furthermore, DNPAO supports essential tools and programs used across the state. Cooperative agreements power statewide efforts to strengthen obesity prevention, enhance early childhood nutrition, expand provider training, and promote healthy communities.<sup>5</sup>

Pediatric Growth  
Tracking Tools

Preventive Health  
Assessments

State Obesity  
Surveillance Maps

Nutrition Education  
and Sourcing

## National DPP | CDC National Diabetes Prevention Program

**FY 2023 Funding: \$2.5M<sup>6</sup>**

- National DPP supports diabetes prevention programs for **nearly 16,500 enrollees** offered by **33 organizations** across **15 cities**.<sup>7,8</sup>
- Cuts would disrupt access to evidence-based lifestyle interventions shown to reduce the risk of type 2 diabetes by **58%** in adults and **71%** among seniors.<sup>9</sup>

**16,749** Virginians across  
**25** Cities

## DDT | CDC Division of Diabetes Translation

**Current Funding: \$4.6M**

- Cuts would threaten **\$4.6M** that supports the Virginia Department of Health in tracking, preventing, and managing diabetes.<sup>7</sup>

**40** Diabetes Self-Management Education  
and Support (DSMES) service providers.

**18,584** Virginians with diabetes that  
have used DDT DSMES.
