

# Protect Progress. Fund Diabetes Programs.

Federal programs across the NIH and CDC are essential to Vermont's fight against diabetes. Cuts threaten the research, prevention, and infrastructure supporting the 44,600 adults in Vermont living with diabetes.<sup>1</sup>

## NIDDK | National Institute of Diabetes and Digestive & Kidney Diseases

**Current Funding: \$542,467**

- The NIDDK funds **one project** across Vermont, with **\$437,139** committed to diabetes-related research in 2024 alone.<sup>1,2</sup>
- Cuts would threaten this nationwide research engine that advances care and improves health outcomes for over 44,000 Vermonters.

**\$542,467** Supporting  
**1** Project

**\$437,139**  
in Diabetes Research

## DNPAO | CDC Division of Nutrition, Physical Activity, and Obesity

- DNPAO supports essential tools and programs used across the state. Cooperative agreements power statewide efforts to strengthen obesity prevention, enhance early childhood nutrition, expand provider training, and promote healthy communities.<sup>3</sup>

Pediatric Growth  
Tracking Tools

Preventive Health  
Assessments

State Obesity  
Surveillance Maps

Nutrition Education  
and Sourcing

## National DPP | CDC National Diabetes Prevention Program

- National DPP supports diabetes prevention programs for **over 2,000 enrollees** across **two organizations**.<sup>4,5</sup>
- Cuts would disrupt access to evidence-based lifestyle interventions shown to reduce the risk of type 2 diabetes by **58% in adults** and **71% among seniors**.<sup>6</sup>

**2,198** Vermonters

## DDT | CDC Division of Diabetes Translation

**Current Funding: \$906,720**

- Cuts would threaten **over \$860,000** that supports the Vermont Department of Health in tracking, preventing, and managing diabetes.<sup>4</sup>

**6** Diabetes Self-Management Education  
and Support (DSMES) service providers.  
**1,003** Vermonters with diabetes  
that have used DDT DSMES.
