

Why American Diabetes Month[®] matters.

- **Every 26 seconds** someone in the U.S. is diagnosed with diabetes.
- **1 in 285 American children** has diabetes.
- Nearly **1 in 2 Americans** has diabetes or prediabetes.
- **1 in 3 American seniors** has diabetes.

But these aren't just statistics.

They're mothers and fathers and kids and grandparents.
They have families and stories. Struggles and hopes.

And you can help them thrive by joining the fight to end diabetes.

Your help matters. **it all matters.**

**American
Diabetes
Month.**
